

## CAPE COD BAY CHALLENGE A 34 Mile Marathon Standup Paddle to Help Support

Thank you for your donation to this the 4th annual Cape Cod Bay Challenge. All proceeds from the event will benefit Christopher's Haven, a 501-c3 non-profit providing housing and support for kids and their families while they undergo cancer treatment. Boston's Mass General Hospital is one of the few places in the world to have a proton beam accelerator for use in the treatment of tumors with highly targeted radiation. Kids from around the country and world come here for treatment. One thing that doesn't get covered by insurance is the cost a family incurs for living expenses while their child is treated (typically a 6-8 week stay). Boston is an expensive city to find a hotel room. The haven is a stone's throw from MGH and allows up to 7 families at a time to stay in a comfortable homelike and mutually supportive atmosphere helping to relieve some of the strain from a very difficult time. Christopher's Haven is a home for kids when cancer hits home.
